

# *HIMSS Communities Engagement*

May 19, 2021

To participate:

- Go to [PollEv.com/eteam322](https://PollEv.com/eteam322) or
- Text ETEAM322 to 22333 to join

What topics are your communities focused on?

- For multi-word topics separate words with a dash

Respond at [pollev.com/eteam322](https://pollev.com/eteam322)

Text **ETEAM322** to **22333** once to join, then text your message

## What topics is your chapter focused on?

# *Nursing Informatics Community*

# Nursing Informatics Community

## *NursePitch™*

Pre seed/Series A competition with ANA to grow nursing innovation

## *Alliance for Nursing Informatics*

AMIA + HIMSS cosponsor, 25+ nursing organizations representing 20K informatics nurses

## *Community US & UK*

Aligning global nursing informatics communities

## *CNIOs*

Value of CNIO; CNO/CNIO Vendor Roundtable & Summit

## *Education Task Force*

Drive education and content for NI Community

## *Strategic Partners*

Nursing 2021 Wolters Kluwer Peer Reviewed, AONL, ANA

## *NI Resources*

Job descriptions, career profiles, workforce data, surveys, education, articles, blogs

## *OJNI*

Peer-reviewed, global open-access journal supported through HIMSS Foundation

## *Thought Leadership*

Unique Nurse Identifier, NI Value, Testimony, Interviews

## *Global, National Initiatives*

Year of the Nurse, Future of Nursing & Nat'l Nurses Month

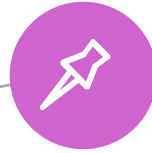

*Join the  
HIMSS Nursing  
Informatics  
Community  
#Nurses4HIT*

- Educational webinars qualified for CA/CPHIMS on hot topics and emerging trends
- HIMSS Resource Library: case studies, toolkits, research
- HIMSS2020 Nursing Informatics Workforce Survey
- Publications: eNews, Online Journal Nursing Informatics
- Nursing Informatics Education and Networking Task Force
- Nursing Informatics Roundtables
- HIMSS Global Conference Symposium and Specialized Education and Networking, Clinician Circle

# *HIMSS-SIIM Enterprise Imaging Community*

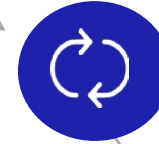

*Education*

Quarterly Roundtables; Annual webinar series; conference presentations @ HIMSS, SIIM, & RSNA

*Networking*

Very inter-professional, focus on measureable improvements and insights into enterprise imaging

*DIAM*

Analytics Digital Imaging Adoption Model – strategic roadmap to identify and adopt the right digital strategy and improve health outcomes for patients, developed with the leadership of community chair.

*HIMSS + SIIM*

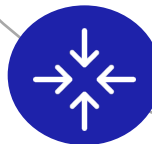

Joined forces in 2015 to tackle enterprise imaging challenges; grew via enterprise imaging workgroups and membership outreach

**HIMSS-SIIM  
Enterprise  
Imaging  
Community**

*Workgroups*

Three workgroups: Photodocumentation, Data Standards Evaluation & Multimedia Interactive Content Reporting

*Body Part Ontology Events*

Standardization of Body Part Ontology for Enterprise Imaging

*Thought Leadership*

Workgroups published 10 whitepapers on technical, foundational, workflow & governance (n=61K downloads)

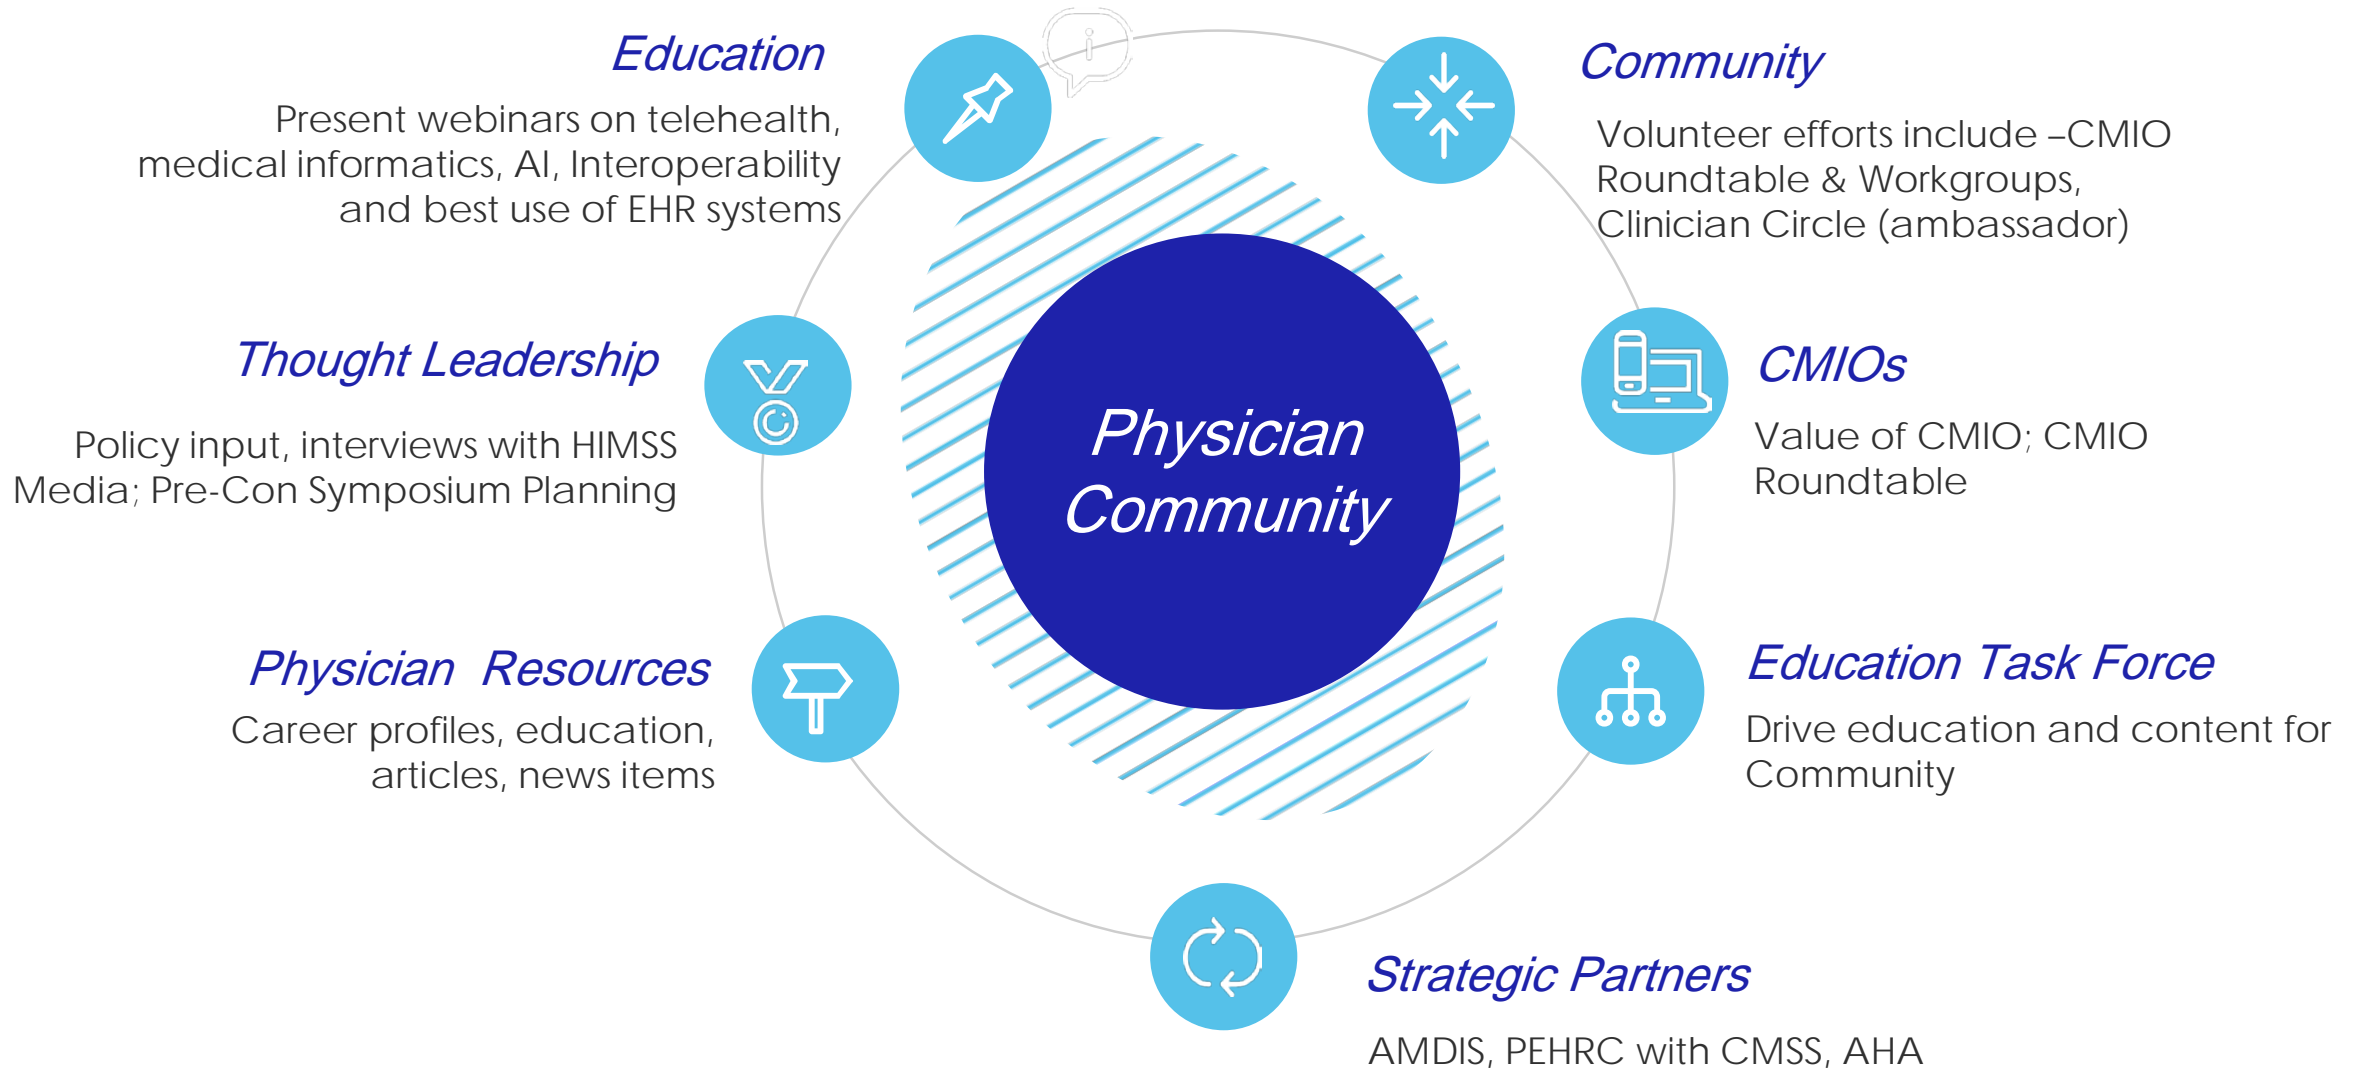

*Join the  
HIMSS-SIIM  
Enterprise Imaging  
Community*

- Educational webinars qualified for CA/CPHIMS on hot topics and emerging trends
- Multiple Workgroup opportunities to contribute to Whitepaper development: currently 10 published n=61k downloads
- Quarterly Roundtables: Topics of Discussion
- Ontology Events: standardizing body part ontology for enterprise imaging
- Publications: monthly eNews, News Items and Features
- Joint conference activities, sessions and networking
- Co-Chair Leadership, Workgroup Leadership, Advisory Board, Individual Contributor, Speaker

# *Physician Community*

*Join the  
HIMSS Physician  
Community*

- Educational webinars qualified for CA/CPHIMS on hot topics and emerging trends
- HIMSS Resource Library: case studies, toolkits, research
- Publications: weekly eNews, News Items and Features
- CMIO Roundtable and Peer-to-Peer Networking
- HIMSS Global Conference Symposium and Specialized Education and Networking

*Health Technology  
Alliance Community  
AAMI-ACCE HIMSS*

# Health Technology Alliance

## *Education*

Roundtables; Annual webinar series; conference presentations @ HIMSS, and AAMI including networking opportunities

## *Networking*

Keep abreast of your associations' websites and newsletters for up-to-date information about this alliance. HTA will often conduct a call for volunteers to share their ideas, best practices, or to participate on a workgroup

## *Thought Leadership*

Advocates for the interests of the HTA community by working with key stakeholders to recommend new standards, advise government agencies, inform on relevant projects, and support the development of educational programs, and professional certifications

## *AAMI + ACCE + HIMSS*

Collaboration with like-minded strategic partnership in an effort to collectively support the industry

- Educational webinars qualified for CA/CPHIMS on hot topics and emerging trends
- HTA Library: case studies, toolkits, research
- Peer-to-Peer Networking
- HIMSS Global Conference Symposium and Specialized Education and Networking

# *Cybersecurity Community*

# *Global Health Policy Connection*

# *Upcoming Webinar to Focus on Interoperability and the Move to a Learning Health System*

- **Webinar scheduled for June 2nd - 2:00 to 3:00 pm EDT**
  - Will explore how the new regulations from ONC and CMS on interoperability and information blocking are transforming healthcare and making a major contribution to the move to a LHS
    - By focusing on enhanced patient data exchange with API requirements using the FHIR standard, these regulations are accelerating not only implementation of health data interoperability, but also the building of a LHS
- **Join representatives from ONC, CMS, HL7, and other subject matter experts for an engaging discussion on these topics**
  - Alex Mugge, CMS
  - Beth Myers, ONC
  - Chuck Jaffe, HL7
  - Mark Sugrue, Commonwealth Medicine (MA)
- **Provides a platform to discuss the importance of data exchange as well as how a LHS benefits patients, providers, innovators, and the broader healthcare delivery system**
  - Will illustrate the future state of a health ecosystem that prioritizes data exchange to enable continuous learning and improved health

# *Global Health Equity Network*

*Advancing diversity and inclusion to ensure health and wellness for everyone, everywhere.*

*#healthequity*

# *Global Health Equity Network*

## One Size Does Not Fit All in Healthcare

- Collaborate and share insights with diverse communities
- Find resources through virtual and in-person education
- Attend events and find networking opportunities
- Advocate for an inclusive workforce for underserved groups

Georgia  
Indiana  
Arkansas  
New Jersey  
Missouri  
Texas  
Montana  
South Carolina  
Tennessee

# HIMSS

FOUNDATION

## *Expands Scholarships*

- ✓ Grants for CAHIMS
- ✓ Funding support for Global Maternal Health Tech Challenge
- ✓ Invite contributions for additional scholarships and funding to support GHEN ongoing efforts

# *Global Health Equity Week*

October 25-29, 2021

## Supporting Healthy Communities

*Engage in dialogue. Participate in virtual events. Access content.*

- Take Action through Virtual Policy Marches
- Support Workforce Diversity through scholarships
- Innovate to Improve Access
- Share your Health Equity Story
- Network with like-minded professionals

*Learn more at [himss.org/ghew](https://himss.org/ghew).*

# *IT Exec Community*

# *HIMSS IT Exec Community*

## *Network*

By **invitation only**, provider C-suite IT executives have a unique opportunity to participate in a **peer-driven community** to lead transformation in these unprecedented times.

## *Thought Leadership*

CIOs will have **exclusive & easy access** to relevant resources, including the opportunity to be **featured & share expertise** through thought leadership content.

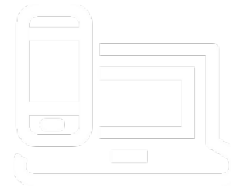

## *Actionable Solutions*

Provide **actionable insights & solutions** into health information and technology topics from industry & peer experts.

# HIMSS IT Exec Community

## Activities

- CIO Roundtables
  - Patient Experience
  - Future of Disruption
  - Future of Work
- Digital Dialogue Series on Digital Health
- IT Exec Community monthly briefing
- **HIMSS21:** <https://www.himss.org/global-conference/attend-cio-opportunities>
  - CIO Summit
  - CIO Experience
  - Executive Lounge
  - VIP programming

## Community Topics of Interest

- Digital health transformation and leadership
- Cybersecurity, information security, privacy
- Virtual health
- Workforce and work place of the future
- Innovation and disruption
- Healthcare applications and technologies
- Information blocking

*Join  
Today*

# Blockchain Task Force

This Task Force educates the healthcare community on the **practical applications** of blockchain and distributed ledger technologies within the healthcare setting. Members of this group are tasked with **highlighting real-word examples** of the technology's use, creating resources to better understand the technology and **considerations for implementation**, and sharing subject matter expertise on the various use cases to which the technology can be applied.

## Topics explored include:

- Decentralized Identity
- Ethical Considerations for Implementation
- Consortium Building
- Integration with Existing Systems
- Use Cases and Value Propositions for:
  - Virtual Care
  - Supply Chain
  - Trusted Exchange
  - Provider Directories and Credentialing
  - Clinical Research
  - Revenue Cycle Management

# *Social Determinants of Health (SDOH) Task Force*

HIMSS, as a trusted global advisor in the health information and technology domain, recognizes the imperative to meaningfully **integrate SDOH data into the healthcare ecosystem** to properly inform care delivery and ultimately **improve the quality of life** for the person and the community at-large. This Task Force **explores and provides expert guidance** around the most pressing barriers preventing this type of data from being present in today's care.

## **Topics explored include:**

- Equitable Access to Broadband
- Standardization in Methods to Collect SDOH Data
- Investment in SDOH
- Data Exchange Standards
- Workflow Considerations
- Data Capacity and Infrastructure of Community-Based Organizations

# HIMSS Interoperability Showcase™

This premier specialty exhibition displays the exchange, access and use of data through interoperability profiles and health standards in real time with live products being implemented in the marketplace—backed by the strength of HIMSS’s global expertise, convening and thought leadership.

- The Showcase includes demonstration areas, educational theaters, a product marketplace, on-demand content and numerous networking opportunities.
- Attendees receive a clear picture of existing real-time interoperability opportunities.
- Through clinical storytelling, the Showcase brings connected care experiences to life via our demonstrations focused on a variety of relevant and pressing topics.

## Upcoming Interoperability Showcase Events:

- [2021 NACCHO360 Conference Interoperability Showcase](#) – June 29 – July 1 (virtual)
- [HIMSS21 Global Conference Interoperability Showcase](#) – August 9-13 in Las Vegas

*We invite you to be a part of the destination—and the conversation—with thought leaders, implementers and end users.*

# *TIGER* Interprofessional Community

# *Technology Informatics Guiding Education Reform (TIGER)*

## *Education and Reform*

We create an environment that maximizes the possibilities of technology toward knowledge development and dissemination, driving rapid implementation of **best practices** as well as **competency attainment and curriculum development**.

## *Interprofessional Community Development*

We actively engage and collaborate with the **global healthcare workforce, students and adult learners** to encourage standardized, person-centered and technology-enabled processes to facilitate teamwork and relationships across the continuum of care worldwide.

## *Global Workforce Development*

We foster a respectful learning **community of diverse stakeholders** that embrace shared values to drive innovation and technology around the world.

# *What is the TIGER VLE?*

- An interactive, online learning platform for:
    - ✓ academic professionals
    - ✓ students
    - ✓ adult learners
    - ✓ clinical educators
  - Contains courses, resources, and archived events:
    - ✓ Integrate into classroom curriculum
    - ✓ Certificates of completion
    - ✓ Access webinars on-demand
    - ✓ Earn CE for CA/CPHIMS credential holders
  - \$65 subscription includes unlimited access for one year.
- \*In June, the Health IT Foundations course key will be priced at \$149 with a complimentary TIGER VLE subscription included***

*Join the  
TIGER  
Interprofessional  
Community*

- Interprofessional webinar series focused on hot topics and emerging trends within the global health informatics community. CA/CPHIMS enduring credits available for qualified individuals
- Opportunities to serve as a TIGER International Task Force (TITF) member or a TIGER Scholars Intern
- Global publications, monthly eNewsletter, articles, upcoming textbook
- Become acquainted with leading SMEs in global health informatics and grow your network
- Leverage tools and resources designed to expand your knowledge base and skillset such as the TIGER VLE
- Joint conference activities, sessions and networking

# *Students and Early Careerists Task Force*

- Established for FY19 and has helped guide FY20 goals and objectives (and beyond)
  - 15 member volunteers
- Purpose is to engage our members in developing tools, resources, content and activities related to the development of those considering the health information and technology field as well as those new to the industry, while achieving HIMSS' strategic goals
- **FY21 Priorities**
  - HIMSS Open House
  - Chapter Toolkit
  - Emerging Healthcare Leaders Program
- **Target Audience**
  - Students (high school through college)
  - Early Careerists (those five or less years of experience in the health information and technology industry)

# *Healthcare IT Foundations Course*

**Open Learning Initiative**  
Carnegie Mellon University

Transforming higher education through the science of learning.

- Supported by a collaboration between the CMU OLI and HIMSS
- Available to both instructors and students
- Completely update with the latest content
- Course content is aligned to the competencies of the CAHIMS™ certification program
- Course completers receive a certificate of completion and are eligible for 30 continuing education hours from HIMSS

<https://oli.cmu.edu/courses/healthcare-it-foundations/>

# *What is a HIMSS Approved Education Partner (AEP)?*

- **Education or training provider that:**
  - Meets HIMSS's rigorous standards for world-class, effective health information and technology and healthcare education or training;
  - Offers education or training with CAHIMS or CPHIMS continuing education hours; and
  - Has exclusive access to valuable education and promotional resources offered by HIMSS.

## Certification & Workforce Development Continuing Education Units

Chapters are pre-approved by HIMSS to provide continuing education hours toward renewal of the CPHIMS and the CAHIMS. Education put on by the chapter can be claimed as credit hours by your members and attendees. Including CEU hours in event promotion is an excellent way to improve attendance and attract those members that are in need of education hours to retain their certifications. Refer to [himss.org](#) for more information on [HIMSS certifications](#).

The linked [FAQ](#) goes through the process for chapters in providing CE credits at your educational events.

[Application for Approval of Continuing Education Hours](#)

Template for [tracking attendee education hours](#).

## Chapter Leaders with HIMSS Certifications

Your service as a HIMSS chapter leader may be included as CE hours under the Professional Services category.

Category 5: Professional Service

Complete one (1) or more years of volunteer service during your renewal cycle with an international, national, state, provincial or local related professional organization/society. Accepted volunteer activities include boards of directors, committees, work groups, task forces, and review boards (unless required as part of work responsibilities).

**5 CE hours for each year of service**
